

# THE ALIEN AND THE WERWOLF

Once there was a werewolf named Jake. He was ugly. Until he saw a spaceship. Something was coming out of it. It was an alien named Eric.

They met and they were friends. They went to the haunted house. They did not know and they heard a ghost.

**Then they saw the ghost that they heard  
and they were running away. Then they  
almost fell into a dungeon.**

.

They ran out the door.  
And they never came  
back.
