

MY VAMPIRE

Once there lived a vampire named Sapphire. She has sharp fangs and black hair . She wears a black dress and she wears a black cape. She is really pretty.

She lives in a haunted castle . She
sleeps in the graveyard. Ghosts are
flying. Bats fly everywhere.
Skeletons rise at midnight.

Kids went in Sapphire's castle. The kids heard scary noises. There were ghosts picking the kids up and flying around the room. When Sapphire came down the stairs the ghosts dropped the kids and they were gone.

On Halloween the kids came back.
Sapphire disappeared them
forever. Nobody saw them again.
