

Broken Oven

If your oven breaks down on Thanksgiving morning this is what you should do.

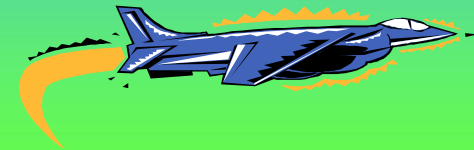

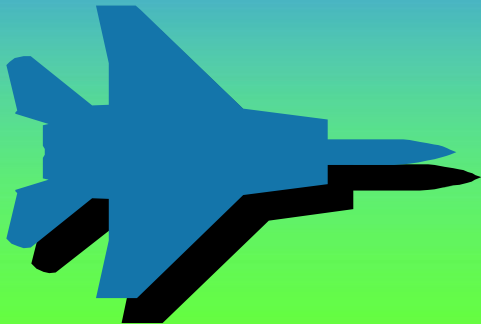

First borrow a jet.

Next burn the turkey with the fire from the engines.

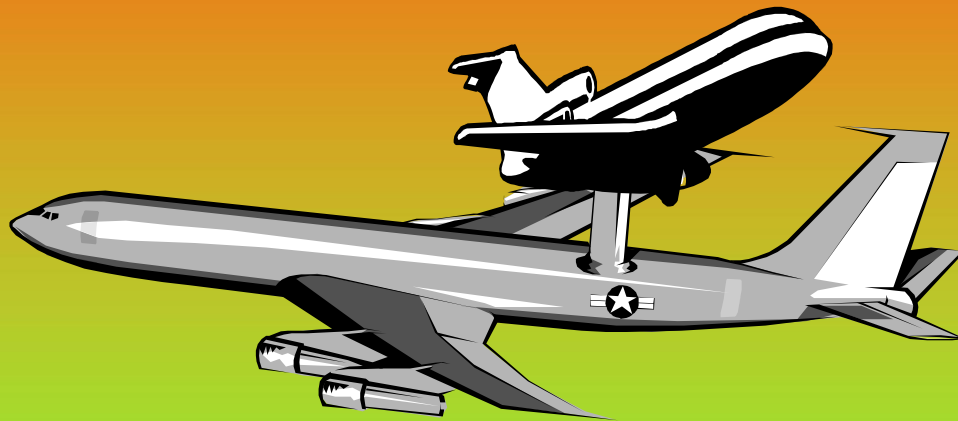

Then pay tax and pay extra.

After that make it burnt and black.

Finally give the jet back.

Make sure the temperature is 10,000,000 degrees and cook it for 1000 hours.

Before cooking add gravy ,nuts, and stuffing.

Serve the turkey with soda, ice cream and corn.

The turkey will smell grate
Look perfect
and taste awesome.
