

# Elf Owl

This bird is 5-6 inches tall. Elf owl has big yellow eyes. He has spots on his head. He has a white belly. He has strong claws.

A habitat is the place where a bird lives. The elf owl lives in deserts and dry woods. It builds its nest in an old woodpecker hole in a saguaro or tree.

During the day it hides in hole in a cactus or tree. You can find the elf owl in Arizona and Mexico. It has a short curved yellow bill.
