

Butterflies

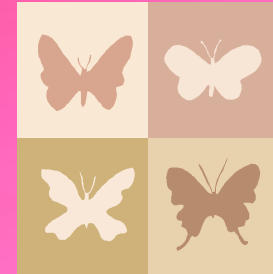

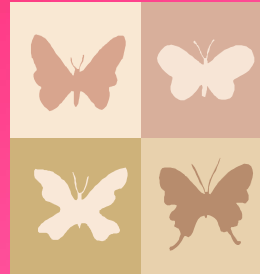

Butterflies have the same thing on both side. It is colorful. It has 6 legs.

Butterflies live all over the world.
They live in jungles . They sleep
on a tree.

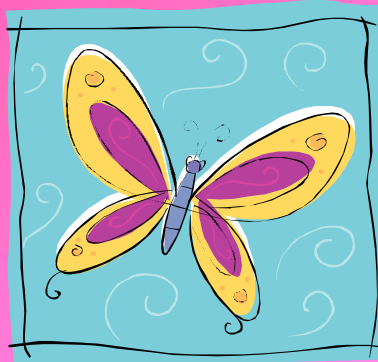

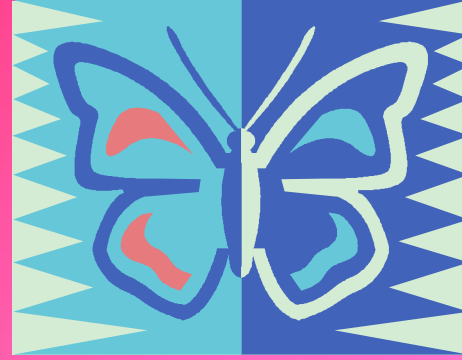

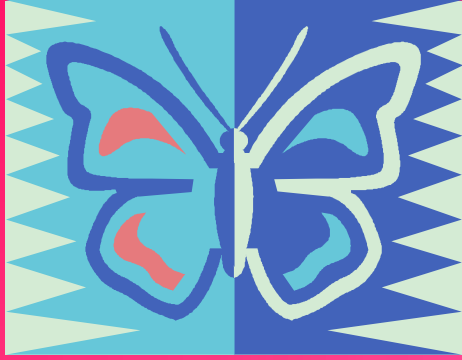

Butterflies eat pollen. They also eat
leaves. It eats a Flower. And an
apple.

First it is a egg. Then it is a caterpillar. Then it tunes into a cocoon. Then it tunes into a butterfly.

Where do they live? Do they eat other insects?
