

The Little Vampire

Once there was a little Vampire named Scary. He has sharp teeth. He has powers. He has red eyes.

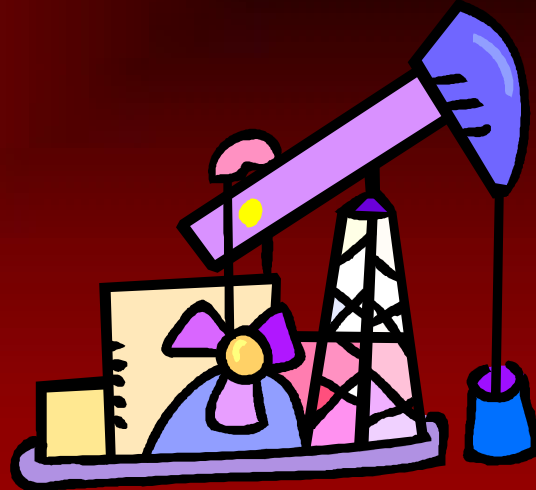

He lives in an empty well.

It has rocks.

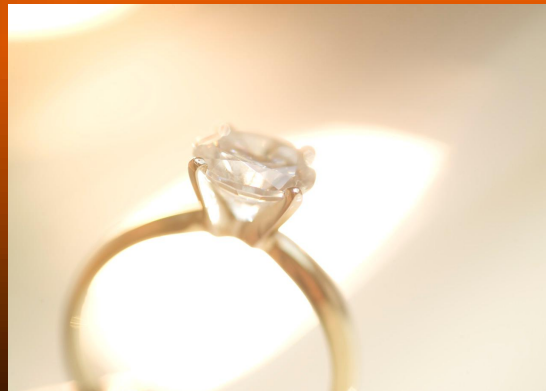

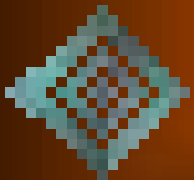

It has creepy bats.

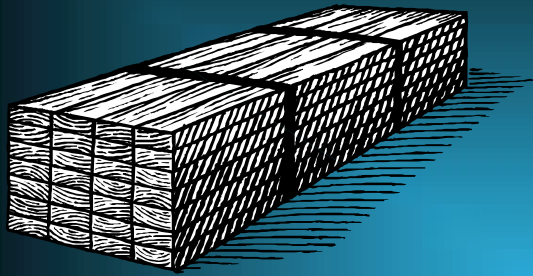

It has spiders.

One day Scary had a problem. He lost something that belongs to him. He lost his crystal that turns him into a vampire.

Another vampire hid it
in a house under a
board and it was gone
forever.
