

# The Big Scary Vampire

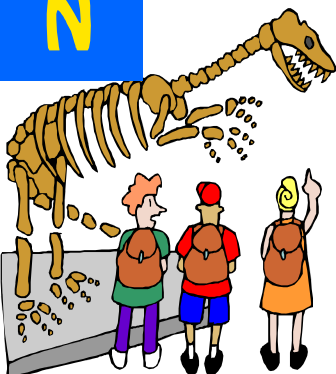

Once upon a time there was a vampire named Sue. She has a big long black dress. She eats kids in first grade. She looks like a toad mixed with a jumping flying vampire.

HAPPY HALLOWEEN

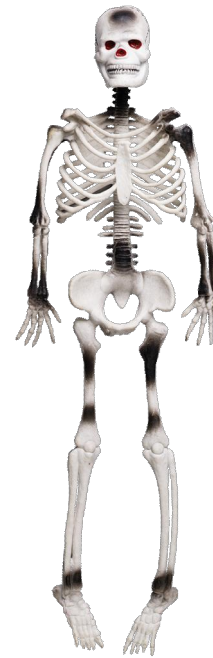

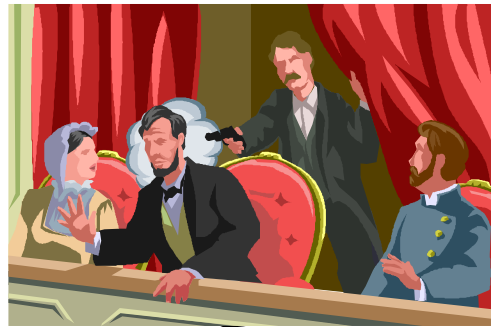

This monster lives in a haunted museum.  
It has glowing moving eyes on a wall .  
And it has a haunted Indian with a big  
bone arrow . And eating lions and big  
killing dinosaurs.

The problem was Sue messed up the museum and she was scared that her mother was going to eat her for dinner.

The next day Sue found new better stuff. When her mother came home she said, “Oh my goodness.” Then she said, “You are the best daughter in the world!” Sue said, “thank you.” And she new that she wasn’t going to get eaten.
