

Rose the Monster

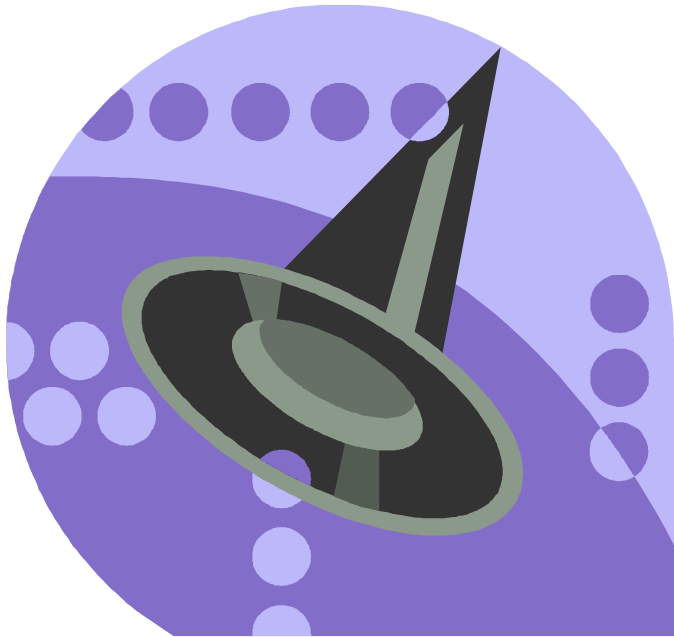

Once upon a time there was a monster named Rose has big nails. she wears a pink necklace.

I live in a haunted zoo. I have scary friends. The zebra sucks blood. The ghost is scary. Snake moves very sneaky. my friends help me scare people that visit the zoo

One night at the zoo the bat got hurt he was bleeding. Rose helped the bat. She picked him up and took him to her home in the zoo.

Then rose turned into a doctor to help save the bat. Rose and bat became friends. All of the animals helped take care of bat. In the end they all were friends and were nice to everyone.
