Boo the bat. Once there was a bat named Boo. He has green skin and sharp teeth. He likes to drink the blood of spiders .He stays awake in the day and night. His teeth are the same size as a saber-toothed tiger.

Boo lives in a haunted ship with spooky cats, bad bats, 20,000 goblins, zombies, and werewolves. Do you believe in that many ghosts? Can you do that in a day? He can change into a vampire in a day.
