

# The skeleton of the dead

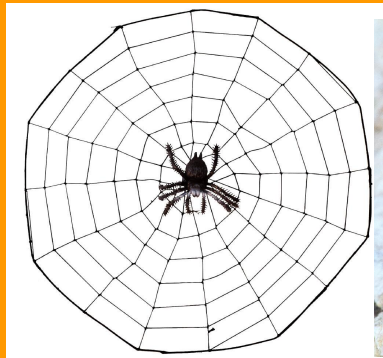

By Denis

Once a upon time there was a guy named Skeleton. He hates people. And he loved to eat mice.

He lived in a castle. It has a creaky door. And it has five spiders and two monsters.

One day skeleton went to his mom's house.  
He broke her very cool mirror. She got  
madder and madder and madder and  
madder.

Skeleton said sorry. And he got her a new mirror. His mom was happy. And they hugged.
