

THE THREE WITCHES

By Wendy

Once upon a time there lived three witches. They were mean. Their names were Lily, Carey and Girly. They liked scaring people. They ate rats and birds. They smelled like fish.

Lily, Carey and Girly live in a haunted park.
It has a black pool. And they have pet
creatures. The haunted park has cob webs.
There are snakes all over the place. They
have haunted prizes.

One day Lily, Carey and Girly were mad because the other witches won three prizes and they only had two.

The next day there was a race. The witches played the race then something happened. The three witches won the race and they were happy.

the end
