

THE FUNNY THANKS GIVING

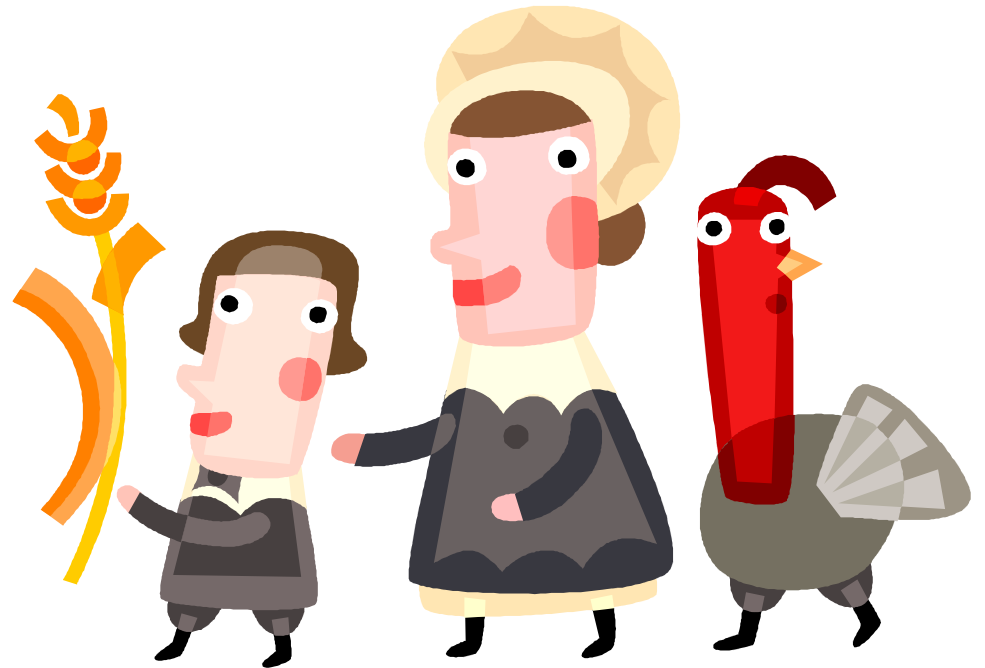

If your oven breaks down on thanks giving morning this is what you should do. Mack your dog fart so it start a fire. Tack your fire out side and cook it on a spit. Next tern your spit around and around. You let it set. Then your turkey is almost complete .

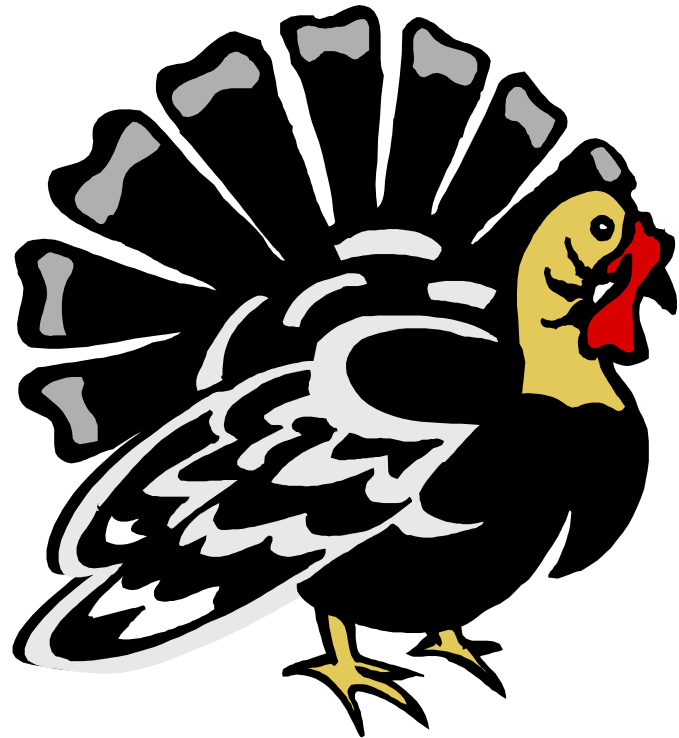

Make sure the temperature is 5000000 degrees. And cook the turkey for 11 hours.

Before cooking add candy and green
beans and sugar cookie.

Serve the turkey with potatoes
and ice cream and salad and
stuffing.

The turkey will smell like candy and vary and vary vary good.
