

jimmy thanksgiving

If your oven breaks down on thanksgiving morning this is what you should do. First build a campfire. Next put the turkey in the fire. Then call your family. After that wait and wait. Finally take the turkey off the fire.

Make sure the temperature 5,000,000 degrees and cook the turkey for 11 hours.

Before cooking add sodas and ice cream.
Serve the turkey with ice cream and
candy.

The turkey will smell good. Look at that turkey. It taste fantastic.
