

# The Creepy Monster by Abigail

Once upon a time there lived a monster named Slappy. I have brown hair & green creepy eyes. I even lock little kids in the basement!

This story takes place in a haunted mansion. It has spiders, floating clowns, & ghosts. One day Slappy lost his tooth & everyone laughed at Slappy. The next day someone lost a tooth and Slappy's best friend scared them so much that they were out of this world and they lived happily ever after they end!
