

The haunted ship

By Gaige

Once upon a time there was a monster named Toni.

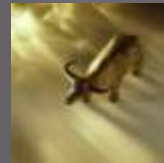

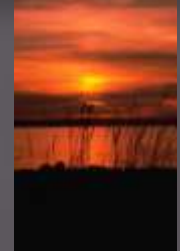

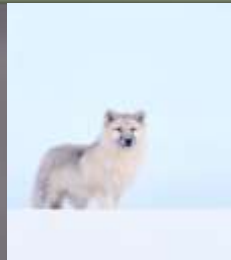

He was so scary he scared kids and he has black hair.

They were inside in the haunted
Ship. There was baby bats out side of the ship.
The ship was spooky and we had a mummy in
my room. There was moonlight. We have a ghost
in my room.

Toni the boy made a big mess in my room.

He was sad. His mom was mad.

The next day I cleaned my room and we were a good family. After that we were a happy family.
