

GREEN EGGS AND HAM

This book is about Sam saying do you like green eggs and ham . Sam does all these crazy things and he says do you like green eggs and ham? He goes all over saying "Do like green eggs and ham? He couldn't stand it because Sam kept saying things over and over again. He went in the dark. I like Sam because HE IS COOL.

I'm not like Sam I'm more like cat and the hat because I try everything. My step brother is more like Sam because he never eats food. I have been on a train like Sam it was fun.

I liked this book because it is fun. My favorite part was when Sam was cranky. If I wrote this book I would change Sam and make him less cranky .

I would definitely recommend this book. I think any kid would enjoy reading this book.
