

SCARY vampire

ONCE Upon a time there lived a vampire named Isaiah. He had sharp teeth and sharp claws. He had snake eyes.

My vampire lives in a cave with bats and skeletons. Owls whoot when they see danger. Werewolf's howl when the moon shines. Snakes come out when people come.

My monsters problem is the vampires ate a chicken and he made a mess with the feathers and his mom got mad.

The next day when he solved the problem by cleaning up the mess his mom got happy. Then his mom gave him a treat.
