

Tarantulas

These Tarantulas are the creepiest I have ever seen. The tarantula is a spider that moves very slow.

There are hundreds of tarantula species found in most of the worlds tropical regions. Tarantulas are omnivores.

Tarantulas give people the creeps!!!
Because of there yucky faces and hairy
old legs.

Tarantulas have a few creepy eyes.
Yuck!!! I'm sure I'm never gonna look at
that again, yuck!!!!!!!!!!!!!!
